

Robert A. Siglin, Principal

EXPERIENCE: Mr. Siglin is a principal of BSEG, LLC with over 15 years of experience in the consulting engineering field. Robert is experienced managing projects that incorporate mechanical and electrical design with his own engineering disciplines, plumbing and fire protection design. He has been responsible for a wide range of projects in the residential, healthcare, educational, hospitality, worship and commercial sectors involving the design of central domestic hot water systems, domestic water distribution, waste and vent systems, fueling and fuel gas systems, medical gas systems, automatic fire protection systems and clean agent systems. Mr. Siglin also has extensive experience in conducting building condition assessments and feasibility studies.

EDUCATION: Architectural Technology Associates Degree Program, 1994, Northampton County Community College

SELECTED PROJECT EXPERIENCE:

124 MARKET STREET, West Chester, PA - A 216,600 SF, eight-story, mixed-use building, which includes 60 luxury condominiums over one level of retail and two levels of parking.
